Sir,

With reference to Government Order No.G.7679-81/Med.
29-25-59, dated 19th January 1927, sanctioning the opening of
a temporary dispensary at Nandi for four months every year,
under certain conditions, I have the honour to state as follows:

The opening of the temporary dispensary during the
Hill season is one of the facilities created to make the
Station more attractive to visitors and therefore serves the
interests of the Gardens Department. Accordingly that Depart-
ment was rightly bearing the entire expenditure on account of
the temporary dispensary till 1926.

With a view to reduce the expenditure of the Gardens
Department, a suggestion was made for establishing a permanent
dispensary at the Nandi village and for its being shifted to
the Hill during the Hill Season. The District Board of Kolar,
which was responsible for providing medical aid to the rural
area concerned, opined that there was no necessity for a dis-
pensary at the Nandi village and it was ordered that the medi-
cine chest at the cost of the Hill Stations Department, vide

Subject:- Dispensary on the Nandi Hill Station.

S i r ,

I have the honour to state that the District Medical Officer, Kolar, has given instruction to the Sub Assistant Surgeon on duty at the Nandi Hill Station that he should not treat anybody i.e. either the Hill Staff or others from the Nandi village, on the ground that the Government Order does not provide any medical aid to other than visitors. In previous years not only the staff of the Hill but also the people from Nandi and surrounding villages were being treated free. In the interest of the staff concerned, it is desirable to afford them free medical aid, as it would be inconvenient if they have to obtain medical aid from Chickballapur which is 4 miles from the foot of the Hill. In these circumstances, I request you to be so good as to issue necessary instruction as early as possible to the District Medical Officer, Kolar to continue the previous practice of treating the staff and others who live in the surrounding areas - instead of restricting the scope of the dispensary to only the visitors to the Hill Station.

Please put up the L.O.
+ the previous orders from
the D.M.O.

I have the honour to be,

Sir,

Your most obedient servant,

In continuation of my letter No. C.3292, dated 10th
May 1927, I have the honour to forward herewith an extract
from a D.O. letter, dated 3rd May 1927, from the Deputy Commis-
sioner, Kolar District, to the District Medical Officer, regard-
ing the free supply of medicines to the pilgrims visiting the
Jatra, etc., I have the honour to state, that I still hold
to my view that, if this institution, which has been specially
opened for the benefit of the visitors to the Hills on the
basis of a private dispensary, has to do the function of provid-
ing medical aid at a Jatra, which properly belongs to the
District Board, that body ought to be prepared to meet a third
of the expenditure, as already indicated.

I have the honour to be,

sir,

Your most obedient servant,

Mahomed

Senior Surgeon.

177-26-3 dated the 6th June 1927 forwarding for opinion letters from the Senior Surgeon in Mysore about extending the usefulness of the Nandi Hill dispensary to the public. I have the honour to state that the subject was considered by the District Board in their meeting held on the 29th June 1927 and they are of opinion that this is not a ^{gi} legitimate charge on their funds.

2. Copy of their resolution is enclosed.

3. The object of the dispensary is ~~to cater~~ primarily to the needs of the Hill establishment and to the visitors who resort to the Hill station and as such it is fair that the Garden department who realise the hill station bungalow fees should provide for a dispensary. ~~As~~ Nandi is within five miles of Chickballapur where the District Board contribute for two dispensaries, the provision for another one within such short distance is not warranted ~~by~~ the slender resources of the District Board. It may not be out of place to mention that very few of the rural population stand to benefit by a dispensary at Nandi. Like Bethamangala Water works department, the Hill station should pay for a dispensary for their use.
